

Get the Care You Need

1 Go to Student Health Services or Counseling and Psychological Services. You'll find your health home at the SHS and the Counseling and Psychological Services (CAPS) in the H. Rajender Reddy Health Center at 5200 North Lake Road.

2 Make the most of in-network coverage. Use the Anthem Blue Cross Prudent Buyer network—it is another convenient alternative for care. If you need specialty care, remember that you'll pay lower student rates if you use the UC Family of UC medical centers, affiliated facilities and professional providers, which are also members of the Anthem network.

3 Go online. Find details on your UC SHIP benefits in one place, every day, 24 hours a day. Visit the UC SHIP site, www.ucop.edu/ucship to get started.

4 Get help. If you want to schedule an appointment or if you have questions, call SHS at (209) 228-2273 or CAPS at (209) 228-4266. Or contact Anthem Blue Cross (Anthem)—our medical plan administrator—with questions at (866) 940-8306 or anthem.com/ca.

5 In an emergency. Call 911 or go to the nearest emergency room, or Urgent Care Clinic, if appropriate.

Student Health Services (SHS)

The Student Health Services (SHS) is an outpatient health center that provides on-campus medical and preventive care. It is staffed by experts in student health—board-certified physicians, nurse practitioners, physician assistants and nurses. SHS clinicians provide primary care for UC SHIP members and are available to coordinate any additional care you may need.

Behavioral health care is provided through Counseling and Psychological Services (CAPS), which is also in the building.

An ACA Recap

UC SHIP complies with the Affordable Care Act (ACA) requirement for Minimum Essential Coverage.

UC SHIP is convenient to access on campus through SHS. As a UC SHIP member, you have greater coverage, lower out-of-pocket expenses and a broad range of choices when you obtain your care from providers/facilities in the Anthem Blue Cross Prudent Buyer network, including lower student rates at UC Family medical centers, affiliated facilities and professional providers.

Preferred Provider Organization (PPO) plans offered through the ACA insurance marketplace—such as Medi-Cal and Covered California—typically have limits like: Narrow networks that limit whom you can see and where you can go for care; higher deductibles and out-of-pocket maximums which mean you pay more up front; and, limited behavioral health benefits.

Also, your address at enrollment determines the county in which you can access care through Medi-Cal and Covered California. If you move to another county, you will have to change plans to receive full coverage under these plans for care in your new location.

With UC SHIP, you are covered for care received at SHS and for care received from providers worldwide.

Stay In-Network and Save

UC SHIP provides coverage for comprehensive medical care that meets the diverse, individual needs of our students. You can choose from all health care providers—whether in or out of the Anthem Blue Cross Prudent Buyer network—and get care that's covered by UC SHIP. However, using Anthem in-network providers can save you money. To keep your out-of-pocket expenses low, contact Anthem at (866) 940-8306 for assistance locating a local, in-network provider.

A Quick How-To on Waiving Coverage

All UC students are required to have medical insurance, which is why UC SHIP automatically covers all registered students, including domestic and international students, and students in-absentia. You'll find the cost of coverage (premium) on your UC Merced billing statement. If you already have a health plan that meets the University's health coverage requirements, see the SHS website to learn how to waive enrollment in UC SHIP.
