

CATAMARAN
1600 MCCONNOR PKWY
SCHAUMBURG IL 60173-6801

August 2015

Dear UC SHIP Student:

Welcome to Catamaran, your pharmacy benefit administrator for the University of California Student Health Insurance Program (UC SHIP). For the 2015-2016 plan year Catamaran will manage your **pharmacy benefits** with the goal to make getting well and staying well easy. Below is some important information to help you understand this transition to Catamaran.

Your new ID cards

Once you have been enrolled for the plan year, you will receive a new Healthcare ID card from Anthem Blue Cross. Show this ID card when you pick up a prescription to pay the lowest price for your medication. Your ID card also has contact information should you have any questions about your pharmacy benefits. If you have not received an ID card by the end of October or you are not found in Catamaran's system, please contact Anthem Blue Cross to verify enrollment in the plan.

Get help online and on-the-go!

Forgot your ID card at home? No problem! Get the Catamaran Mobile App and register with your student ID number—just scan the code at the bottom of this letter to start the download. This app will provide you with the information a pharmacy needs to fill your prescription, along with other great tools that can help you learn about your pharmacy benefit and the other services we provide.

There is also helpful information located on the UC SHIP website, www.ucop.edu/ucship where you can find information regarding the Catamaran website, the mobile app, prescription copays, how to find a network pharmacy and what medications are on the formulary.

Enter to Win an iPad Mini when you register!

Register at www.myCatamaranRx.com or the Catamaran Mobile App between August and December to be automatically entered to win a monthly drawing for an iPad Mini! Students who register will be automatically entered to win—register early for more opportunities to win!

Using your benefits

Please be assured that **your benefits will not be changing**. You can still fill prescriptions at the student health services Pharmacies, where available. As a supplement to the student health services Pharmacies, Catamaran's pharmacy network contains over 68,000 retail pharmacies across the US. Use the pharmacy locator on www.myCatamaranRx.com or the mobile app to find the network pharmacy nearest you. For more information about your plan benefits, visit www.ucop.edu/ucship.

Specialty medications

If you have a complex, chronic condition that requires you to use specialty medications and you are not able to fill these prescriptions through a student health center Pharmacy, Catamaran offers BrivoRx® Specialty Pharmacy. BrivoRx has extra support to help you, your doctor and your family provider the best treatment for your condition. You can learn more about BrivoRx by calling 855-4BRIOVA or visit www.brivovrx.com.

We're here to help 24/7

If you can't find the information you need on the UC SHIP website, www.myCatamaranRx.com, or the Catamaran mobile app, Catamaran has member services representatives available 24 hours a day, 7 days a week. You can reach a representative at 1-844-265-1879. If you have questions about your eligibility or enrollment in the program contact Anthem Customer Service at 1- 866-940-8306.

Welcome to Catamaran!

Catamaran is excited about the opportunity to work with UC SHIP and its students to provide first class pharmacy benefit support.

We look forward to helping you stay well ahead!

Sincerely,

Catamaran
